Working Experience

2019-	Postdoctoral Researcher , under the supervision of Professor Roberto Bottini, University of Trento
2017-2019	Postdoctoral Researcher , under the supervision of Professor Lawrence W. Barsalou, University of Glasgow
2016-2017	Research assistant , Memory and Cognition Lab, Sorbonne Paris Cité University, Paris Descartes University

Education

2012-2016	PhD in Cognitive Science Sorbonne Paris Cité University, Paris Descartes University Supervised by Valérie Gyselinck (IFSTTAR) et Pascale Piolino (Prof. Paris Descartes University) (highest mention delivered by the university) Thesis title : Toward embodied spatial models : Memory, posture, and action possibilities
2010-2012	Master in Cognitive Science (Cogmaster) , Ecole Normale Supérieure (ENS), Sorbonne Paris Cité University, Paris Descartes University.
2007-2010	Bachelor in Psychology , Sorbonne Paris Cité University, Paris Descartes University

Research Interests

Overview	<ul style="list-style-type: none">• Grounded view of spatial cognition, memory, and language using behavioural and neuroscientific techniques• Grounded view of health cognition, including eating, stress, and habits• Health interventions
----------	--

Skills	
IT	Programming: extensive experience with Python Experimentation software: E-prime, Psychopy, Qualtrics Statistics software: R, SPSS, Statistica
Techniques	Transcranial Magnetic Stimulation
Languages	French (native), English (fluent, TOEIC score = 960), Italian (basic)
Grants and Awards	
Grants	PhD Scholarship of the French higher education ministry (€80,000) French Research National Agency: Collaboration in the writing of the grant proposal based (ANR-13-APPR-0009) on my PhD project earned by Valérie Gyselinck (€381,160) Travel Grant of the Paris Descartes University : Two months in the Erasmus University of Rotterdam, in the Memory Lab, supervised by Diane Pecher and Rolf Zwaan (€4,000)
Prizes	Poster Prize of the TRACE Workshop, Montpellier
Teaching Experience	
Tutor (2012-2017)	Teaching in Cognitive Psychology, Psychometry, Experimental method and Statistics at a bachelor level
Supervisor (2014-2019)	Co-supervision of sixteen undergrad and master students
Academic and Administrative Experience	
2009-2015	Student representative in 6 different committees at a bachelor, master, and doctoral levels, from department to the university scale.
2010-2012	Active member of the student association Cognivence , and participation to the organization of the 10 th and 11 th French National Cognitive Science Forum
2012-2013	Organization of the lab seminar
